**INT. FANTABULOUS GAL'S NEW HOUSE - DAY**

The house is a mess. The blinds are down. FG has taken a 'me' day. We can hear the TV plying in the bg.

FANTABULOUS GAL

I really should not have gotten out of bed today. You'll never guess what happened. Not only is AAA cleaning getting audited, I've just been notified that Ronin Force is suing us! The "RF" on the ninja costumes has no Ronin Force connection! It stands for "Ridiculously Fantabulous"! This is nutrageous! Look: even the fonts are different.

She, holds up two fonts of the letters 'RF'. They look very similar.

FANTABULOUS GAL (CONT'D)

Apparently due to the action figures' popularity, Ronin Force has been getting calls from citizens requesting crime stoppage to be performed by Fumio, Hikaru, Masayuki, Tomio, and Winston. I worked hard for these ninjas. So hard for these ninjas. The polite thing for Ronin Force to do would be to offer those callers AAA Cleaning's phone number. Or they could change their voicemail message to, "Thank you for calling Ronin Force. If you are looking for up to five Ninjas to fight crime, press 1." Then if the caller presses 1 they'd hear "for one ninja, press 3. For two ninjas, press 4. For three ninjas, press 5, and so on. Simple and courteous. You know, Ronin Force is really overreacting. Suing us...!

Shakes her head and re-reads the letter. She blinks back tears.

FANTABULOUS GAL (CONT'D)

It all started going wrong when I saved Leopard Woman from Evil Trojan Boris. The only thing keeping me going is that I'm filthy, stinking rich.
